CALL FOR PAPERS

ECRES 2027

15th European Conference on Renewable Energy Systems

Wind, solar, hydrogen, storage, smart grids and energy efficiency: present your research in Madrid or online.

WHEN	WHERE	FULL PAPERS	DEADLINE
8–9 June 2027	**Madrid, Spain**	**Up to 10 pages**	**15 March 2027**
Tuesday & Wednesday	In person or online	or a one-page abstract	Papers are reviewed as they arrive

26 topics in six themes

Other energy-related topics are welcome

Solar, wind and water
- Wind energy
- Solar concentrating systems
- Photo-voltaic and their installation
- Off-shore and tidal energy systems
- Hydro-energy plants

Hydrogen, fuels and combustion
- Hydrogen energy systems
- Fuel-cell systems
- Bio-mass systems
- Bio-diesel systems
- Combustion
- Engines and their combustion features

Grids, power and machines
- Smart grid
- Energy transmission systems
- Power electronic systems for renewable energy
- Electrical machines
- Energy harvesters

Heat, efficiency and analysis
- Heating/cooling systems
- Energy/exergy analysis
- Energy efficiency
- Energy statistics and efficiency
- Conventional energy systems and recovery

Nuclear and materials
- Nuclear fusion systems
- Efficiency in nuclear plants
- Energy materials production and characterization

Education and informatics
- Energy education
- Energy informatics

Key dates

No single acceptance date: each decision is e-mailed as soon as the paper is reviewed

15 March 2027 — Full paper or abstract submission — DEADLINE

1 April 2027 — Early-bird registration ends — Every fee €100 lower
